

FAQs about the Management Minor

What has NOT changed about the management minor?

- All minors take ECON 211 and 212

What are the changes?

- MGMT 100 (2 cr) is no longer required.
- MGMT 200 (4 cr) has been replaced by a new course--MGMT 221 (4 cr). MGMT 221 is not being offered in Fall 2007.
- MGMT minors will take both ACCT 221 and ACCT 222 for 3 credits—the labs for these classes are required *only* for accounting majors and minors.
- MATH 210 or 311 (2 cr) AND 312 (2 cr) is required for the management minor.
- MGMT 371 (4 cr) is required for the management minor.
- The management minor requires a minimum of 25 credits.

How do these changes affect me?

- If you are a management minor who plans to complete your degree in the 2007-2008 academic year, you should complete your management minor by following the “old minor” requirements.
- If you are a management minor who plans to complete your degree after summer 2008, you may follow the “transitional minor” requirements **OR** the “new minor” requirements.

Important Notes

- If you've taken no management classes, follow the “new” pattern.
- If you've taken only Mgmt 100, follow the “transitional” pattern.
- Mgmt 221 (4 cr) is required for the new management minor, but is not being offered in Fall 2007. Management minors may substitute Mgmt 222 (4 cr) for Mgmt 221.
- Consult faculty in the Management Department with any questions.
