

STATEMENT OF COMMITMENT TO PROFESSIONALISM

A major component of our teacher education program is its emphasis on the recognition and development of the personal and professional dispositions that reflect a commitment to excellence in teaching. We have identified those dispositions that we believe are important, can be recognized in classes and field placements, and will be assessed throughout the education program. We believe that all teachers should demonstrate:

- responsibility - respect - passion for teaching - maturity - confidence - personal integrity - fairness

All teachers are in a position to be among the most influential adults in the lives of many individuals--students and colleagues. Prospective teachers see themselves as professionals starting with their first course in education. Professional dispositions are increasingly evident during the time an individual is preparing to enter the classroom.

A number of professional behaviors suggest that an individual will perform well in the school setting and will emerge as a teacher leader. These include, but are not limited to:

- ◆ consistent class attendance
- ◆ active class and field experience participation
- ◆ maintenance of professional confidentiality
- ◆ promptness in completion of all assignments
- ◆ engagement in a variety of related field experiences
- ◆ demonstration of sensitivity to diversity and exceptionality
- ◆ demonstration of knowledge of education-related issues and research
- ◆ demonstration of knowledge of community, state, national and international events and their impact on the field of education
- ◆ building collegiality and contributing to group tasks
- ◆ involvement in professional organizations or activities
- ◆ adherence to state, local and national laws and school regulations
- ◆ appreciation for a range of world views
- ◆ demonstration of knowledge and enthusiasm in working with a range of diverse learners

The Education Department has instituted an ongoing, formal assessment process by which field experience mentor teachers and Hope faculty provide feedback to individuals in these areas of knowledge, skills, and behaviors.

The purpose of the *Statement of Commitment to Professionalism* is to identify the professional dispositions and behaviors for which you will be held accountable. As part of the application process to the Teacher Education Program, you will read and sign the following statement

"I have read the Statement of Commitment to Professionalism developed and adopted by the Education Department of Hope College. I understand that these dispositions will be used to evaluate my performance in course work and in related field experiences. I further understand that I am expected to demonstrate these dispositions to be accepted in the Teacher Education Program (Level 1), to be permitted to continue in education courses (Level 2), to be approved to Student Teach (Level 3), and to be recommended for certification."
