

VISUAL ART EDUCATION MAJOR FOR K-12 CERTIFICATION

Updated April 2009

The State of Michigan has mandated that all Visual Art Education programs will be a K-12 major on the Secondary certification track only. The new program is intended for candidates who want to teach and advocate for the visual arts in K-12 classrooms, and to help other teachers integrate art into general education. The major consists of 50 credits. No other minor is required. Candidates for certification in this major must pass the Michigan Test for Teacher Certification (MTTC) in Visual Arts Education (Test #95). You must demonstrate your knowledge in the following categories:

- | | | |
|----|--|----------------|
| 1. | Creating Visual Art | 21 to 30 items |

This must be passed in order to continue in the program, and will determine whether or not the department can make a positive recommendation for student teaching. An exhibition of his/her work is required at the end of the senior year.”
