2.4 (a) The MG Bn no longer has a Battalion Morale box. Apply Bn morale results from losses to the Brigade each group is attached to.

2.4 (b) Apply losses from 81st AT Regt to the Brigade the units are attached to.

3.1a [reminder] The firepower of the Nebelwerfer is doubled as per TCS 18.7f, so the adjusted values are 60 and 30 respectively.

German prep artillery bombardments are HE attacks, not continuous fire.

4.1a Naval Gunfire Support. Naval fire is always HE, never Continuous Fire.

4.1b Co H, 504 Para is not subject to Battalion Morale.

4.2b For railroad artillery, roll on row 5 with no other modifiers. The fire still scatters as per special rules. This is an HE attack so double the value.

4.2b Ferdinand tanks are not subject to Vehicle Morale.
