

MENC Collegiate

Welcome to CMENC at Hope College (Chapter 465). We are a student organization from the Hope College Music Department whose purpose is to allow students involved in the music education program to further their development as pre-service teachers by:

- Attending local, state and national music conferences
- Listening to guest speakers on topics that relate to the pre-service music educator
- Developing strong relationships with fellow students for support and encouragement
- Receiving additional support and leadership from the music education faculty beyond what is normally expected within the classroom.

Student Officers for 2009-2010

President:	Lydia Post
Vice President:	Jonathan Weppler
