

Evolution and Classification of Plants

Timothy M. Evans
 Biology Department
 (616) 395-7460
 evanst@hope.edu

Education:
 University of Wyoming: B.S. Botany, M.S. Botany
 University of Wisconsin-Madison: Ph.D. Botany
 Miami University: Postdoctoral research

Areas of expertise:
 Plant systematics, Molecular systematics; Evolution of plants

Grants:
 NSF Systematic Biology Program (2002-2005)

Publications:
 Wade, D. J., **T. M. Evans**, and R. B. Faden. 2006. Subtribal relationships in tribe Tradescantieae (Commelinaceae) based on molecular and morphological data. Pp. 520-526 in *Proceedings for the Third International Symposium on Monocots*. Ontario, California. (In Press)
