

Photochromic Photooxidants

Jason G. Gillmore

Assistant Professor
Chemistry
gillmore@hope.edu

B.S., Virginia Tech, 1996

M.S., Virginia Tech, 1998

Ph.D., University of Rochester, 2003

Postdoctoral, Vanderbilt University, 2003-2004

Areas of expertise: Organic Photochemistry, Photochromes, Photoinduced Charge Transfer, Mechanistic Organic Chemistry, Organic Materials, Organic Electrochemistry, Computing Organic Redox Potentials

Research Corp. - Cottrell College Scholars Award,
\$63,090 (2006-2008)

Camille & Henry Dreyfus Foundation Start-Up Award,
\$30,000 (2004-2009)

Hope College Chem Dept & NatSci Divn
Start-Up Package, > \$90,000 (2004-2007)

6 peer-reviewed journal articles, 1 patent, 1 book chapter, 2 non-peer-reviewed preprints, e.g.,

A. L. Speelman & J. G. Gillmore, *J. Phys. Chem. A* **2008**, 112 (25), 5684-5690.

J. G. Gillmore, et al. *Macromolecules* **2005**, 38 (18), 7684-7694.
