

EMERGENCY COMMUNICATION

There may be times when communication on Campus is needed to report or respond to an emergency. Hope College has several means of communicating in an emergency. The success of being able to communicate will depend on the circumstances in which these communication systems are used and the volume of calls that are made on them.

If you need to communicate during an emergency your options include the following on Campus:

Medium	Contact Number	Information Agency
Campus Centrex Phones (some cottages and east of Fairbanks)	8-911	Ottawa County Central Dispatch
Campus Landline Phones	911	Campus Safety Department
Campus Safety Line	ext. 7770	Non-Emergency Information
Cell Phones	911	Ottawa County Central Dispatch
Campus Safety Info Center	ext. 7000	Non-Emergency Information
Knowhope Webpage	www.hope.edu/knowhope/	Public Relations
Public Relations Office	ext. 7860	Public Relations
