If funds are needed to meet remaining costs you may apply for a Private Educational Loan or your parents may apply for a Federal PLUS Loan as described in the "Financing Your Hope College Education" brochure.

*If you apply for either or both of these loans, include the full academic year, fall and spring semesters unless you will attend only one semester. A full year loan is disbursed in two payments, one for each semester.*

If you use your semester bill to compute a loan amount, double that for the full year costs.
