

Study Abroad Physicals at the Hope Health Center

Please understand that:

- The health center has limited appointments available for physicals. It would be wise to complete and return this form ASAP!
- We are aware that you have a deadline for your application. Contact the program and let them know if you cannot meet their deadline. Past experience has proven they are understanding if you keep them informed of your intentions.
- You may be required to have two appointments. One appointment may be required to complete lab work, TB testing, and/or immunizations **BEFORE** your physical is done.
- The HopeHealth benefit does not cover the cost of your physical. Fees may be placed onto your student account. Study Abroad physicals range in price from \$30 - \$200 depending upon the requirements.
- You may choose to have your physical done with your home physician or area med-center.

Complete the information below and **return to the Hope Health Center**, either in person or via e-mail attachment. (healthcenter@hope.edu) Once your form is reviewed we will contact you with specifics for your appointment(s).
