→ **If the answer is Yes to any of the above questions, a TB skin test is needed prior to your arrival on campus.**

- The test should be administered no sooner than 9 weeks after working in, or traveling to a high-risk area.
- Should your travel be less than 9 weeks ago, you may have your test done at the Hope Health Center.
- Check here if you plan to do have your TB test done at Hope after the 9 week waiting period.
