1. Read carefully all sections of the *Guide for Registration*.
2. In the first column, write the names and numbers of the courses you checked in the *Guide* (e.g. IDS 171, etc.). If you have chosen English 113, list several section numbers on one line of the worksheet. If you have chosen Rel 100, list several section numbers on one line of the worksheet.
3. In the second column, write the number of credits for each course you listed—the *Guide* will tell you how much credit each course earns. If you want private music instruction, let us know what instrument and for how many credit hours (3 credits for music performance majors; 2 credits for others).
4. Finally, in the last column, check (✓) the courses you most want to have in your fall schedule. You should check 13-16 credits. If space is available, we will enroll you in those classes. **The more options you give us, the easier your registration will be.**
5. In the space below, please let us know any additional information that will help us as we create your class schedule.
6. If we have questions about your schedule, we'll contact you via your Hope College e-mail account (check the red envelope for details) or at the phone number you've listed above.
