As you complete the fall registration worksheet, please follow these guidelines:

- Carefully read all sections of the Guide for Registration.
- The First Year Seminar, IDS 100, is required for all first year students. List 10 sections that interest you and 5 that do not. IDS 100 is a 2-credit class.
- In the "Additional Courses" section, type in the first column the subject and course numbers you selected when you read the Guide (e.g. IDS 171, ENGL 113, FREN 101, ART 114).
- If you request English 113 or Religion 100, please list several section numbers on a single line of the worksheet (e.g. ENGL 113 – 02, 12, 05, 15 or REL 100 – 01, 08, 03).
- In the second column, type the number of credits for each course you listed (credits are listed in the Guide). For private music instruction, please indicate your instrument and credit hours desired (3 credits for Music Performance Majors; all others 2 credits).
- Select 13-16 credits you most desire by placing a check mark in the last column. **Don't forget to add in the 2-credits for your required IDS 100 (FYS).** If space is available, we will prioritize your schedule accordingly.
- In the space at the end of the worksheet, please include any additional information that may be helpful as we build your class schedule.
- Should any questions arise during registration, we will contact you via your Hope College e-mail account or the phone number you've listed on this form.

⇨ Then he listed 5 sections numbers as his second choices.

⇨ Here, he let us know which 5 section numbers he'd rather not see in his schedule.

← This section titled **Additional Course Names & Numbers** is where you list the rest of your classes, other than your First Year Seminar.

⇨ This student listed Biol 240 because he is considering a biology major and the *Guide for Registration* indicates that this course is required for biology majors. He checked (☑) the **Most Desired** box on the right for this and other courses he'd like to take in the fall. He checked a total of 16 credits:
IDS 100 (2 credits) -- required
Biol 240 (4 credits)
Fren 201 (4 credits)
Mus 101 (4 credits)
Kin 140 (2 credits)
Total: 16 credits

⇨ Here, the student listed other options in case of limited space or time conflicts with his first choice classes. We'll try to enroll him in his **Most Desired** courses; he listed these other options to help us put together his schedule.

Is there any additional information we may need to help us schedule your courses?

I would like no more than 16 credits. Thank you!

← Here's your chance to tell us anything else you want us to know when putting together your fall schedule! You can also use this space to add additional major/career goal info, AP or IB exam info or college course info from above.

WE NEED YOUR COMPLETED WORKSHEET BY JUNE 22.

A copy of this form will be emailed to you for your records.

If you have any questions, you can email us at advising@hope.edu or call 616-395-7760 or 1-800-903-9141.
