

HOPE

***Hope College's new email
services powered by
Google Apps for Education***

A decorative graphic at the top of the slide consists of two overlapping circles on the left and three separate circles on the right. The circles are light purple, with the first two on the left being filled and the others being hollow outlines.

This is big.

- Co-ed dormitories
- Mandatory chapel attendance
- Parking
- Copiers
- Email

Messages: 21 (1 thru 21)

Check out the latest at KnowHere. Look up a Here College email address.

Webmail (1997 - 2007)

- 5,000 user limit
- User disk space requirements have increased significantly
- Mediocre SPAM utilities
- Company out of business

1HOPE

(2007→)

powered by Google Apps for Education

Google Gmail (2007→)

- Old commodity = disk space
- New commodity = your time
- 80x more disk space (2 GB)
- Archive, don't delete!
- Search powered by Google
- Award-winning interface
- Rich-text formatting
- Integrated chat, calendar and document utilities
- Sustainable!

“Will my email address change?”

- No.

“Can I save my messages/addresses?”

- Yes. They can be migrated from Webmail to 1HOPE.

“Will I still get my mortgage offers and Chinese character messages?”

- We hope not. Google’s SPAM filtering is much more aggressive and often prevents these messages from ever reaching your Inbox.
- Custom filters are available!

“Will I have to include @hope.edu with my campus emails?”

- Yes.

“I never used Webmail. I used Eudora/Outlook/etc. What about me?”

- Email clients (such as these) are still supported in the 1HOPE system.
- Many may wish to switch to 1HOPE for the portability.

“Now that email is hosted off-site, should I be concerned about privacy?”

- Email has been routed through an off-site SPAM filtering service for 3 years (Symantec)
- Google’s extensive privacy policy
- Hope College email messages still belong to Hope College

“How can I get my 1HOPE account?”

- Starting on TODAY!
- <http://1.hope.edu>
- Same email username & password
- Blank email to: switchto1hope@hope.edu
- Training:
 - Tuesday, May 22 at 9:30 a.m. in MMC 240
 - Friday, May 25 at 1:30 p.m. in SC 3002
 - Wednesday, May 30 at 9:30 a.m. in MMC 240
 - Online at <http://www.hope.edu/cit>

“CIT, what will you do with all of your extra time??”

- Sustainability
- Bandwidth
- Consolidated passwords
