

III-D LearnLab Environments

Are you considering remodeling or adding laboratory space or classroom space? This discussion with the LearnLab team will look at (1) 21st century work skills and teaching styles, (2) the Steelcase Workspace Futures research process, (3) insights and classroom design principles based on Steelcase Workspace Futures research, (4) a case study of Eastfield College – a LearnLab research study, and (5) applications of these insights to scientific teaching laboratory environments.
